

Data Sheet 2013

Registration Number: _____

Complete this data sheet for every nest you find, one row per nest. Complete a separate sheet for each site. If you do not oil the eggs, just enter the number of eggs found in the nest. If eggs are not oiled, give reason in comments. Mark the nest location on the area map or a street map if one is available. Mark your action, the date and number of eggs on a flag placed near the nest, about 10 feet north if possible.
