Mailing Address: Name: _____

Street: _____

City: _____ State: _____ ZIP _____

Phone: _____ E-mail: _____ Fax: _____

Registration with US Fish and Wildlife Service

I authorize my local government or agency, thereof, _____ to register, carryout and report this activity for me in accordance with the US FWS Regulation **Title 50:Wildlife and Fisheries, PART 21 – MIGRATORY BIRD PERMITS; SUBPART D.** "Depredation order for resident Canada geese nests and eggs."

Or I registered with the US FWS authorizing _____ as our agent.

Authorization

I will allow staff of my local government or property owners association or program participants with GeesePeace identification badges to oil/replace eggs or destroy nests on my property and provide access to this property for this purpose. I understand this is a no fee service and is subject to availability of resources.

I understand that this activity may involve several visits to each site to identify nests, monitor egg production and to carry out egg-oiling/replacement or nest destruction activities. I understand that some nests may not be found and some eggs may be too developed to treat. I further understand that all personnel oiling eggs shall have in their possession this signed access and authorization form, GeesePeace program identification and the US Fish and Wildlife Service registration form.

Hold Harmless

- I understand that all participants in the GeesePeace program shall hold property owners and agents harmless for all damage to person or property that results, in relation to this activity, whether through negligence, act of God, or other cause.
- I agree to hold harmless, GeesePeace and its agents or volunteers, GeesePeace partner organizations and the local coordinating body or governmental jurisdiction for any damage to person or property that results, in relation to this activity, whether through negligence, act of God or other cause.

No Feeding of Canada Geese Policy

I understand a "no feeding" of Canada geese policy must be in effect on the property at all times.
